About TDA

Team DarkArt was founded in late 2016, based in Hong Kong and aimed to combine with the British elite team Planet X Pro Cycling to launch a continental team under the UCI frame inside the Asia Tour division. While the lineup was full of talents including Harry Tanfield, Charlie Tanfield, Dan Bigham, Jacob Tipper, Ben Hetherington, etc. Despite the application being unsuccessful due to the late notice, the team has been running and developing since then. It was first represented by a group of local undergraduates cyclists, who haven't been riding under the HKSI (Hong Kong Sports Institute) program nor from other professional cycling academies, led by a retired former national rider from the 70's.

The team has been racing at continental level from 2017-2020, until the Covid-19 performed a pause to the program. The team's U23 program have also been in practice and scored some recognised results, including the National titles.

The team is found with a poor background, which has transformed from a flock of fighting underdogs to a group of innovative performing leaders of the area. Where the team are still striving for improvement with the motto: Cycling bonds, DarkArt rides as One.

關於黑騎士車隊

黑騎士車隊是一支成立於2016年年末的香港公路自行車車隊，當時的成立理念是希望能與英國的一支菁英車隊Team Planet X Pro Cycling 合併成立一支UCI 洲際車隊，以亞洲區的巡迴賽事作為競技目標。其車隊陣容強大，包括 Harry Tanfield, Charlie Tanfield, Dan Bigham, Jacob Tipper, Ben Hetherington 等。最後雖然因為通告遲了而未能成功申請成為uci洲際車隊，但團隊也一直在運行和發展。而車隊最初都是由一群沒有參加過由一位 70 年代退休的前國家車手所領導的 香港體育學院 (簡稱HKSI)或其他專業自行車學院 的本地素人大學車手作代表。

從 2017 年到 2020 年，黑騎士車隊一直有現身於洲際級別的比赛，直到 Covid-19變得嚴峻才暫停。在此期間，車隊對於U23級別賦有潛力的新秀的發掘也未因此停步，因此車隊在U23級別實力不容小覷，車隊亦在一些 U23的項目取得了優秀的成績，包括香港冠軍。

雖然黑騎士車隊成立於一個貧窮的背景，但靠着年輕人努力打拼，我們成為了一支創新的香港頂尖車隊。另外，車隊亦希望帶動一個「騎單車就是一夥兒」的騎車風氣，改善各個車隊之間敵視，分化的風氣。

Goals

1. The team is keen on developing Junior and U23 riders, aiming to provide them with enough preparations for extravagating their full potentials to transform to professional cyclists;
2. The team has been training with up-to-date scientific methods, including high altitude adaptation, fully polarized program, nutrition specified for junior riders, etc. We also hope to provoke the innovations and revolutions of Hong Kong cycling to eventually match with the leading pacers in the World, to provide the world with competitive Road Racers from Hong Kong.

目標

1. 車隊致力於培訓青年和U23級別的自行車手，旨在為他們提供充分的準備來發揮他們的潛力，轉型為職業自行車手；
2. 車隊一直以最新的科學化訓練來訓練隊員，例如高原訓練，系統性訓練，為青年運動員制定針對性營養清單等。同時我們亦希望能激發香港自行車的創新和革命，為求能與世界領先的自行車手匹敵，為世界提供來自香港具有競爭力的自行車車手。
